MEMORANDUM

To: Ms. Casey B. Crouse, Principal
   Damascus High School

From: Roger W. Pisha, Supervisor, Internal Audit Unit

Subject: Report on Audit of Independent Activity Funds for the Period
         February 1, 2018, through January 31, 2019

Independent Activity Funds (IAFs) of Montgomery County Public Schools (MCPS) are established to promote the general welfare, education, and morale of students, as well as to finance the recognized extracurricular activities of the student body. School principals are the fiduciary agents for the IAFs charged with determining the manner in which funds are raised and expended for activities such as field trips, admission events, and fundraisers. They are responsible for ensuring that the IAFs are administered in accordance with Board of Education policies, MCPS regulations, and procedures.

The IAF audits are conducted regularly to evaluate compliance with policies, regulations, and procedures, and to review processes for continuous improvement. Generally accepted audit procedures guide the work of the auditors who examine samples of the IAF records and financial accounts selected from documentation of various activities to verify their accuracy, as well as to assess the effectiveness of financial control procedures. An IAF audit does not review every transaction or school activity, but seeks to provide reasonable assurance that any significant errors or omissions in the financial records are detected.

At our March 8, 2019, meeting with you; Mr. Adam H. Saltzman, assistant principal; Mrs. Kerri L. Pitts, school business administrator; and Mrs. Pamela K. Dunn, school financial specialist, we reviewed our prior audit report dated April 10, 2018, and the status of present conditions. This audit report presents the findings and recommendations resulting from our examination of the IAF records and financial accounts for your school for the period designated above.

Findings and Recommendations

MCPS Form 281-55, Restricted Independent Activity Fund (IAF) Purchases, specifies what type of purchases require chief financial officer (CFO) approval to commit IAF funds. During our review of disbursements, we found that prior written approval of the CFO was not always on file for procurements of $7,500 or more (refer to MCPS Financial Manual, chapter 20, page 5). We
recommend the use of Form 281-55, when appropriate, to ensure compliance with MCPS procurement requirements. Sponsors of field trips should have a complete class or club roster of student names and annotate how much each student paid, date paid, students who did not participate in the trip, and students who received waivers, scholarships, or reduced fees. This data should be submitted to the business office at the completion of each trip and compared to remittances recorded in the trip account history report. The data should also be used to estimate future trips (refer to MCPS Financial Manual, chapter 20, page 10). We found that not all sponsors are submitting completed data at the conclusion of each trip and that data is not being compared to the final account history report. We recommend that trip sponsors use MCPS Form 280-41, Field Trip Accounting, or its equivalent, and provide complete data at the conclusion of each trip.

Admission receipts for school events should be controlled according to MCPS Regulation DMB-RA, Control of Admission Receipts. These events must be controlled with serially numbered tickets, separation of duties, use of the required MCPS Form 280-50, Tickets and Cash Report of Admissions Manager, for tracking and reconciling sales, and perpetual inventory of tickets. We noted that for ticketed events, some of the forms on file appeared to have been initiated after the conclusion of the activity, rather than when tickets were issued by the ticket controller to the admissions manager for daily sales. We found that MCPS Form 280-50, was used merely to list tickets sold and not as a reconciliation of tickets issued to tickets returned and recorded receipts. We also found two events that charged an admission price, but tickets were not used for accountability purposes. We recommend that admission to all events be controlled in accordance with the above cited regulation.

Summary of Recommendations

- Purchases over $7,500, with certain exceptions, must have CFO approval.
- Field trip records prepared by sponsors must provide comprehensive data to account for all students eligible to participate and to reconcile funds collected with costs of the trip.
- Admission events must be conducted in accordance with MCPS Regulation DMB-RA.

Other matters were discussed and satisfactorily resolved. We appreciate the cooperation and assistance of your staff. In accordance with MCPS Regulation DIA-RA, Accounting for Financial Operations/Independent Activity Funds, using the attached form, please provide a written response to the Internal Audit Unit within 30 calendar days of this report. In your response, please share a detailed plan for addressing these issues, including appropriate staff training and support.

Prior to returning your completed audit action plan, please contact Dr. Mary Jane Q. Ennis, director of learning, achievement, and administration, Office of School Support and Improvement. Based on the audit recommendations, Dr. Ennis will indicate whether she will conduct an electronic review of your action plan or schedule a time to meet in person with you, and your school financial agents, to support you with developing a well-defined plan to address the findings.
