MEMORANDUM

To: Mrs. Sally A. Macias, Principal
   Jackson Road Elementary School

From: Roger W. Pisha, Supervisor, Internal Audit

Subject: Report on Audit of Independent Activity Funds for the Period
         November 1, 2012, through December 31, 2015

Independent Activity Funds (IAFs) of Montgomery County Public Schools (MCPS) are
established to promote the general welfare, education, and morale of students as well as to
finance the recognized extracurricular activities of the student body. Principals are the fiduciary
agents for the IAFs charged with determining the manner in which funds are raised and
expended for activities such as field trips, admission events, and fundraisers. They are
responsible for ensuring that IAFs are administered in accordance with MCPS policies,
regulations, and procedures.

IAF audits are conducted regularly to evaluate compliance with MCPS policies, regulations, and
procedures, and to review processes for continuous improvement. Generally accepted audit
procedures guide the work of the auditors who examine samples of IAF records and financial
accounts selected from documentation of various activities to verify their accuracy as well as to
assess the effectiveness of financial control procedures. An IAF audit does not review every
transaction or school activity but seeks to provide reasonable assurance that there is compliance
with MCPS policies, regulations, and procedures, and that any significant errors or omissions in
the financial records are detected.

In our meeting on February 29, 2016, with you and Mrs. Terri Hawthorne, administrative
secretary, we reviewed the status of the conditions described in our prior audit report dated
December 5, 2012, and the status of present conditions. This audit report presents the findings
and recommendations resulting from our examination of the IAF records and financial accounts
for your school for the period designated above.

Findings and Recommendations

MCPS policies, regulations, and procedures are designed to produce a system of internal controls
that result in the proper authorization of expenditures and safeguarding of assets. Disbursement
of IAF must be controlled in a number of ways. All purchases must be approved in advance and
in writing using MCPS Form 280-54, *Request for a Purchase*, to obtain principal approval to proceed with an intended purchase (see MCPS Financial Manual, p. 20-4). The purpose of each disbursement must be fully explained on this form in order to properly record expenditures in appropriate accounts, and to ensure that expenditures comply with IAF requirements. After the purchase is completed, the purchaser should submit the invoice as evidence of purchase, signed to indicate the satisfactory receipt of the goods or services, to the administrative secretary. A check may then be drawn and it must bear two signatures, one of which is that of the principal. Documentation supporting purchases should then be stamped or marked “Paid” and filed. We found instances where purchases were not approved in advance and invoices were not marked that goods were received. By requiring prior approval and complete documentation, the principal retains control over the expenditure of IAF funds. We recommend that Form 280-54 be prepared by staff and signed by you at the time verbal approval is sought, and that complete documentation be attached to support the purchase.

Another control for disbursement of IAF is for all checks to be completed with date, payee, and amount prior to any signature (see MCPS Financial Manual, p. 20-6). We found a blank check issued and signed by you and the administrative secretary in order to purchase merchandise from a local vendor. We recommend that no checks be signed without all required completed items.

Internal controls also include the receipt and review by the principal of the unopened monthly bank statement, bank reconciliation report and ledger reports in a timely manner to evaluate the status of the IAF. These reviews must be evidenced by the principal’s signature and date on the reports. We found that these important reviews were not completed consistently during our audit period. We also noted that some of these reports, as well as disbursements and support documentation could not be located. We recommend that you initiate a process to ensure consistent monthly review of these reports (see MCPS Financial Manual, p. 20-8).

Cash and checks collected by sponsors and others for IAF activities should be remitted promptly to the administrative secretary together with MCPS Form 280-34, *MCPS Remittance Slip*. These receipts must be deposited promptly (see MCPS Financial Manual, p.7-4). We found that staff collecting funds were holding rather than remitting them to the administrative secretary on a daily basis. To minimize the risk of loss and provide availability of funds to meet school needs, all funds collected should be remitted to the administrative secretary daily for prompt deposit. We further recommend using the Online School Payments (OSP) in order to reduce the workload of cash handling requirements for sponsors and administrative secretary.

Sponsors of field trips should have a complete class roster of student names to annotate the amount each student paid, date paid, eligible students who did not participate in the trip, and students who received waivers, scholarships or reduced fees. This data should be provided to the administrative secretary at the completion of each trip to compare to remittances recorded in the trip account history report, and also used to estimate the cost of future trips. We found that not all sponsors were providing completed data at the conclusion of each trip, and that data was not being compared to the final account history report nor used for planning future trips. We
recommend trip sponsors use MCPS Form 280-41, *Field Trip Accounting*, or its equivalent, to record trip fees and provide comprehensive data at the completion of each trip. We further recommend trip planning be reviewed to ensure established fees are commensurate with trip expenses (see MCPS Financial Manual, p. 20-10).

**Summary of Recommendations**

- Purchase requests must be approved by the principal prior to procurement;
- Purchaser must confirm receipt of goods or services prior to disbursement;
- Checks will not be signed and released by the principal until fully completed;
- Monthly financial reports must be signed and dated by the principal to indicate review;
- Funds collected by sponsors must be promptly remitted to the administrative secretary and promptly deposited in the bank;
- Cash handling by sponsors and administrative secretary can be reduced using OSP; and
- Field trip records prepared by sponsors must provide comprehensive data to account for all students eligible to participate, and to reconcile funds collected with costs of the trip.

Other matters were discussed and satisfactorily resolved. We appreciated the cooperation and assistance of your staff. In accordance with MCPS Regulation DIA-RA, *Accounting for Financial Operations/Independent Activity Funds*, please provide a response to the Internal Audit office within 30 days of this report, with a copy to Ms. Audra Fladung, director of elementary schools. The Office of School Support and Improvement will follow up on this audit.

MEMORANDUM

TO: Audra Fladung, Director
FROM: Sally A. Macias, Principal
SUBJECT: Response to Audit Report —Jackson Elementary— Audit Period:
11/01/2012-12/31/2015 Date of Conference: February 29, 2016

This is the response to the audit report dated February 29, 2016, and indicates the intent of the school principal and administrative secretary to correct and follow guidelines and the recommendation of the auditor based on the report.

Please see the attached action plan to address the areas detailed in the audit report. If you have any questions with regards to the responses, please call me at the above number.
